

Amendments to the Specification

A substitute specification is attached to fulfill the requirements for a national filing of a U.S. application corresponding to a PCT application. Strikethrough and underlining are used in the substitute specification to indicate deletions and additions.

IN THE PRESENT AMENDED SPECIFICATION

Cross Reference to Related Applications was added at line 2 of page 1 and there it was stated on lines 3 and 4 that "Priority for the present application is the filing date of International application No. PCT/US02/32078 Robinson filed 08 October 2002, filed under 35 U.S.C. 371".

Typographical errors have been corrected.

The double period on page 2, line 25 has been replaced by a single period.

The word "ENVER" on page 3, line 22 has been replaced by the word "DENVER".

A closing quotation mark has been added at page 4, line 12.

The word "is" has been replaced by the word "in" at page 5, line 7.

The phrase "has a value" at page 8, line 26 has been deleted.

The words "comprising by" at page 10, line 25 has been replaced by the word "comprises".

The extra period at the end of the sentence on page 11, line 14, has been deleted.

The word "*petinase*" on page 12, line 2, has been replaced by the word "*pectinase*".

The number "15.1" has been moved from line 9, page 16 to line 8, page 16.

A space has been provided between "4" and "Diet" on page 19, line 1.
